

Cedar City Corporation Downtown City Light Standards and North/South Interchange Billboard Banner Program.

I. Purpose

The primary purpose of the Downtown City Light Standards and North/South Interchange Billboard Banner Program is to enhance the general appearance of the city's streetscape and call attention to community activities, institutions, or milestones that play a part in our City. The banners and billboards described under this policy are expressions of Cedar City. The format and content expresses the views of Cedar City and because the format and content is expressly adopted by the City as the City's speech, the form and content are to be strictly regulated by the City.

Banners may be proposed by institutions and organizations in the cultural, intellectual, and charitable not-for-profit sector. They may be sponsored by for-profit entities, corporations and individuals provided that they meet the criteria for content and objectives described below.

A temporary banner is defined as a sign mounted on a city light standard containing a message in text, picture, logo or other form of representation, which is constructed of pliable materials such as canvas, fabric, vinyl plastic or similar materials which will withstand exposure to wind and rain without significant deterioration, and which does not require a building permit for its construction or installation outside of a building.
