**ADMINISTRATION AGENDA – MAYOR AND COUNCIL BUSINESS; STAFF**

**COMMENTS:** ■ Mayor – mark your calendars for May 26<sup>th</sup>, Gapyeong South Korea sent us a stone and that is when it will be dedicated which is the day of the 70<sup>th</sup> anniversary when our 213 soldiers entered the Gapyeong Battle. The dedication will be at noon, it is a Wednesday. More information will come when we get closer. It will be neat to see those that served our country and the Sister City with Gapyeong. ■ Community Project Funding application for the Industrial Road Parkway Project. Jonathan Stathis – The Active Transportation Committee is looking at submitting an application. Jackie Grant, Chair of Active Transportation Committee and part of the Trails Commission. The new Federal Community Funding project is the earmark funding which ended in 2011, the Federal Government is bringing it back because there are concerns that people are not working together as they should hoping to get parties together. There is \$7.5 billion allocated to congress, we are working with Congressman Stewart. When you divide it out it is \$10 to \$20 million per district. Each district gets to submit 10 projects, we are looking at \$3 to \$5 million per project depending on the presentation and what projects are being submitted. There is one from St. George being submitted and I am sure there will be others. There are 10 different categories, Transportation, Agriculture, Health, etc. interior covers sewage and land acquisition. This year is not the year for land. We had 16 days to put proposals in. Ideally, we will put ours in
